Design Chairs ... Nevermore

Thank You!

It's was a heck of a year for the [NO-CHAIR-DESIGN Campaign](#) and together we succeeded in having an impact in the chair design scene of the world. Viewer statistics indicate that campaign material have been see by over 100 000 viewers. *Our work on NCD-C ends with style.*

Rest assured! People can still join the campaign online and we'll continue to convince designers to NOT design chairs. Thank You for making this possible! The feedback we received throughout the year has kept our spirits high.

The [blog](#) will now serve as an archive for the project. An overview to the NCD-Campaign is provided in the "[Selected Posts 2012 +](#)" post. If you are interested in organising a campaign of NO-*something*-DESIGN.. Get in contact with us!

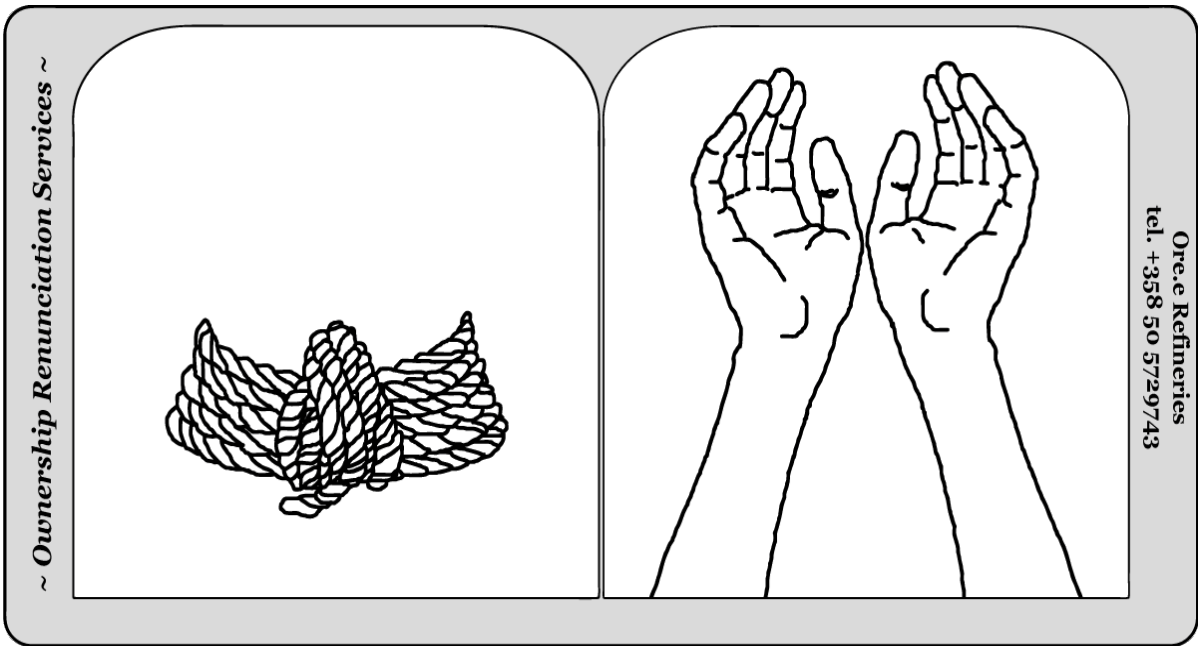

There is still a lot of work to be done. To follow up on stuff happening at Ore.e Ref. subscribe to your regular [newsletter](#) (max 4/year). We'll be in touch using this list only incase something truly remarkable happens.
